Target Rifle

# *S.S.A.A. SPORTING RIFLE CLUB MILDURA NEWLETTER*

November 2011- January 2012

## **From the President**

We are pleased with the progress of the club this year, although attendances have been low on some days.

Thank you to the members who attended the working bees for range maintenance and upgrades. After 3 days of intensive effort we now have new target frames at 100m, 200m, 300m, 400m, 500m & 600m ranges. On behalf of the members who attended I would like to thank our caterer for the magnificent lunches he provided.

I hope to see you all at the Christmas Shoot & Presentation on Saturday the 10<sup>th</sup> December 2011.

*Alan Waugh*

When attending the Cardross Range Complex

Range Officer must be present

Flag must be raised before firearms are taken onto firing line

If flag down range at 300 metres is raised you must not shoot as this flag indicates that some one is in the safety zone behind the mounds

Range book must be signed and range fee paid

On other than Sporting Rifle Club days

Range fee is Members \$2.00 Visitors \$4.00

You must supply your own targets with suitable backers to attach to the mesh supplied on frames at 100, 200, 300, 400, 500 and 600 metres

And at 50 metres targets with suitable backers to slot into the target frames

Do not attach targets to uprights

**AFTER YOU HAVE FINISHED SHOOTING PLEASE REMOVE ALL TARGETS BACKERS AND ANY OTHER ITEMS TAKEN ONTO RANGE, take them home or place into skip near the Clubroom Please leave the range in a CLEAN and TIDY CONDITION**

As anyone who has been to the Range in the last couple of weeks could tell you, it hasn't looked any better in my time shooting there.

Thanks to all the members who took the time to go out to the working bee on the 20th 21st and 22nd of last month.

New target frames have been erected at 100 200 300 400 500 & 600 metres, some work to the mound and roads and slashing.

Lets all try to keep it looking good and remember on other than club days you must supply your own targets with suitable backers.

Targets not to be fixed to uprights (or chairs bins etc).  
And please remove and dispose of targets when finished.

Happy shooting  
Kev Browne

Hello All

As Linda is getting the newsletters going again, she has asked if I could do an item on those of us who compete elsewhere. Cathy Burnett (and Terry) and I have still been doing a fair bit of travelling. Jay Collins has also been on one trip to Adelaide. We competed at the National Titles at Geelong at Easter with Cathy claiming her biggest prize so far. She finished third in the 50 metre National Title, a fantastic effort considering the opposition. Cathy and I made up half the State representative team for 50 metres, which we won and Cathy was also in the Dual Range (20 & 90 Metres) winning team.

Last weekend we competed at Renmark and both had one win each. I won the A grade 90 metre comp on Saturday and Cathy won the 20 metre section in A grade on Sunday.

Cathy, Ross Ward and I are currently competing as a team in the Target Rifle Victoria 50 metre State Pennant. Ross is also a member of the Sporting Rifle Club. Up to week 4 we have not been beaten, including a win over the team that has been winning everything lately. Cathy and I are 3<sup>rd</sup> and 4<sup>th</sup> on the individual aggregate. Jay is in a different team and we have only seen the results of week 1 in which he top scored with 200.17.

Its good to see a few more serious Benchrest shooters in the club with good CZ rifles and proper equipment. The way some are shooting it would be nice to see them compete in the North West Victoria Titles at the Smallbore club next June. We run a section for Class 1 rifles which they fit into. You don't have to be a member of the TRV to compete.

ALAN COLLINS
